

THE COMPANY

At the 5th century before J-C, Perses invaded Greece while accosting in Marathon, a small city to about 35 km of Athens. The Athénienne army seriously exceeded by the Perse army sent messengers in all Greece to ask for assistance. The origin of the marathon comes from the history of a herald named Eukles which run of the town of Marathon to Athens to announce the victory of the greeks before dying .

1.Introduction

EUKLES's team has realized for 12 years softwares allowing the distribution of the data between firms.

NOur business is to bring to our customers a software solution which optimizes the distribution of the data through their company in order to:

- To make the exchanges easy,**
- To make the data exchanges reliable.**

EUKLES's strategy was built from the following problems:

- The Increase of the number of the exchanges because of multiplication of the servers, the increase of the number of partners, the raising of E-business,**
- Diversity of platforms, and protocols.**

The quality of our products and their continuation enabled us to win more than 200 large companies in the world, in all the branches of industry.

2.Ethic

The respect of quality enables us to offer powerful solutions and services. It is based on the professionalism of our teams and the control of the current technics.

3.Skills and Know-how

i.Software package edition

EUKLES is a specialist in the development and marketing of **communications solution and data exchanges, multi-platforms and multiprotocol.**

The quality of our services and the reliability of our software enabled us to gain the confidence of the most demanding companies in France and abroad: large Accounts in the industry and in the services, banks, insurances, administrations...

To answer our customers efficiently and fast, a team of engineers dedicated ensures the maintenance and the support of our products of levels 1 and 2. This service is operating monday to friday from 9:00 AM to 5:30 PM, and can extend in certain cases at 7 days a week, 24h/24

IV.Historic

EUKLES est la filiale de développement logiciel du groupe IRATEN, SSII crée en 1989 à Sophia Antipolis.

EUKLES is the subsidiary in charge of software development of IRATEN Group , a software firm creates in 1989 in Sophia Antipolis (France). After having conceived, carried out and marketed famous solutions of distribution (dispatching) in large environment systems (RSM8, FDF8, OPEN/LDF etc), the company decided to tackle distribution(dispatching) in heterogeneous environment.

Depuis 2000, EUKLES se positionne comme le spécialiste de l'échange de données **multi-canal, multi plateformes et multi-protocoles** avec sa nouvelle solution d'échange **MP'Com**.

V.Our references

since the marketing of our software, we have already more than 200 sites installed in the world among them some big groups such as :
